

# Maple Leaf Mathletics Challenge

Thank you for registering your school for the event. We are so excited you will be joining us in inspiring students to love learning through our national competition. In your **Maple Leaf Mathletics Challenge** package, you will find the following:

- ✓ Guidelines of the competition
- ✓ Your Mathletics main contacts
- ✓ Where to find your school's standings
- ✓ How to earn points and master activities
- ✓ List of prizes
- ✓ Letter for parents
- ✓ Certificate templates to celebrate student success throughout the competition

We will be watching your school closely and cheering you on.  
Make sure to follow us on Twitter for daily updates! @Mathletics3pl

## Guidelines of the Competition

The competition will run from October 17 - 31, 2016. The winners will be based on the **highest average of total participation points in a school**. This will be calculated by taking the total number of participation points divided by the number of registered students

### Rules:

- This competition is open to current Mathletics schools
- Schools must be registered for the competition
- Only students can complete the activities and earn points
- Schools may add additional students for free for the duration of the competition
- Only points and activities mastered within the dates of the competition will be calculated
- Work completed on tablets in offline mode may not be calculated

The results will be updated after week 1 so you can share the mid-way results with your students.

## Meet your support team!

Please don't hesitate to contact your designated member of the Mathletics support team for any questions about the competition.

## How to Master Curriculum activities and Earn Points

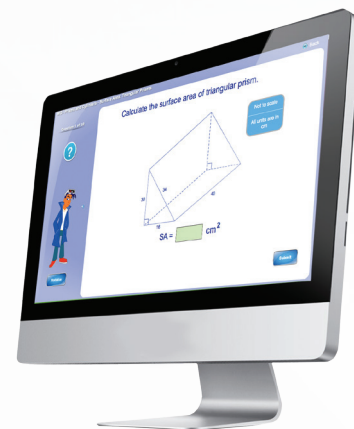

### Curriculum Activities

- 10 points per correct answer within curriculum activities\*
- 20 points per correct answer within a "Test"\*

*\*Within the Mathletics curriculum a maximum of 300 points can be earned per week from a single activity (600 points for "Tests"). This is designed to encourage students to attempt a wide range of activities.*

### How to master an activity

The students need to earn a score of 85% or higher to "master" an activity. Students will see a gold bar or medal when they have mastered an activity

### Live Mathletics

- Students earn one point per correct answer
- Students earn two points per correct answers on their bonus level\*

*\*The bonus level is indicated by a gold star next to the level number.*

### Teacher tip

In your teacher console, the "**Results**" area is used for setting targeted curriculum activities for individuals or groups of students. Select your "Class" and "Group" using the menus at the top of the screen, then select a unit. Click the blue arrow in the action bar to assign a specific curriculum task for your students.

We will be watching your school closely and cheering you on.

## List of Prizes

Keep the students excited and engaged! The grand prizes will be announced on November 3rd, 2016. We are excited to announce the following great prizes:

### 1st Place - Mathletics celebration party.

Mathletics will provide the teacher with a **\$250 visa gift card** to fund a Mathletics celebration party. The winning class will also receive a Mathletics swag bag for each student in the class!

### 2nd Place - Mini Mathletics Celebration Party.

Mathletics will provide the teacher with a **\$100 visa gift card** to fund a mini Mathletics celebration party for the class. The winning class will also receive a Mathletics swag bag for each student in the class!

### 3rd Place - Mathletics Swag Bag for the class including one Mathletics trophy

Mathletics will provide a **swag bag** for each student in the class. Plus, a great Mathletics Class trophy is also included to continue the celebrations with a new student in the class each week!

\*Prizes will be announced and mailed out at the end of the competition

## Teachers! We didn't forget about you.

### You could win a Teacher Appreciation Night Out

Mathletics will award the teacher of the 1st place class with a Teacher Appreciation Night at the movies – that's a **\$50 Cineplex gift card**. Put your feet up with some popcorn!"

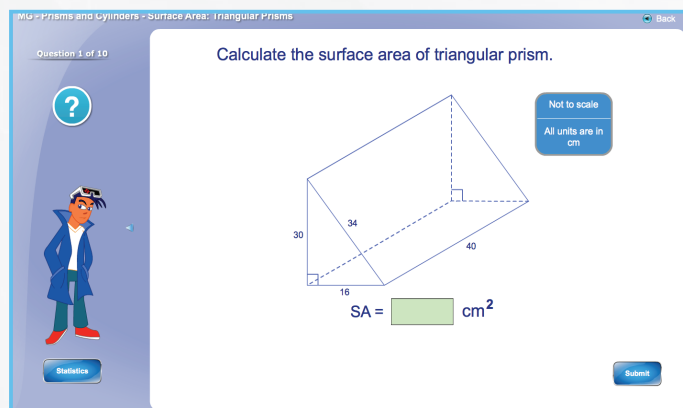

We will be watching your school closely and cheering you on.

Dear Parents,

Your child's school has entered in the **Maple Leaf Mathletics Challenge**. This is a national Math challenge focused on students mastering curriculum activities and practicing their mental math skills (Live Mathletics). Prizes are awarded for top performing schools.

There is also a free Mathletics app for tablet devices that students can use to access Mathletics from anywhere. All of their activities are recorded and will be synced with their main Mathletics account (as long as it is in 'online mode'). The app is available for iPad and Android tablets.

For more information visit [www.3plearning.com/canada/mathleticsapps/student](http://www.3plearning.com/canada/mathleticsapps/student)

Please find your child's username and password below. Let's work together to inspire a love of learning!
